Introduction: why adopt a narrative approach to law?

PART I

Theoretical and methodological frameworks

1 Culture, narrative and law

2 The narrative turn in the legal field

3 Fact construction: contexts, roles and methods

PART II

Trajectories of case analysis

Section I – Fact construction

4 Rediscovering the role of the client

5 The lawyer as translator

6 The judge as a creative decision maker

Section II – Narratives in cultural contexts

7 Laypeople in action I: natives' stories

8 Laypeople in action II: foreigners' stories

Section III – Improving justice for vulnerable people

9 Collaborative lawyering with vulnerable clients: asylum

seekers' stories

Conclusions: moving towards new directions of

narrative theory and clinical legal research
